

A perfect fit for your Mac

EyeTV DTT Deluxe is a miniature digital TV tuner (DVB-T, or Freeview) built with the latest technology and uncompromising quality to deliver gloriously big television to your Mac. The remarkably tiny EyeTV DTT Deluxe slips easily into the USB port of any Mac without blocking other devices, and comes with everything you need including a variety of aerial connection options and an EyeTV Remote.

EyeTV 3 software inside

- Watch, rewind, fast forward, and pause live TV on your Mac.
- Record hours of television and edit out unwanted content
- Create TV series subscriptions with Smart Guides
- Organize recordings in Smart Playlists
- Export recordings automatically to your iPod®, iPhone™ or Apple TV®.
- Access recordings via Wi-Fi and share with other Macs on a local network
